

Problem-Solution Fit

Project Name: ComicCraft – AI Comic Story Creator using Gemini Models

Academic Year: 2026

Customer segment, pain points, root causes and proposed solution.

Area	ComicCraft
Customer Segment(s)	Students, aspiring storytellers, hobbyist creators and content creators
Problems / Pains	Difficulty structuring stories into panels; limited artistic/storyboarding skills; time required for manual planning; character inconsistency
Triggers to Act	Having a story idea but needing a quick comic-ready structure
Emotions Before / After	Before: uncertain or overwhelmed. After: engaged, with a structured comic concept to develop
Customer Limitations	Limited time, writing/art skills and access to specialist tools
Available Solutions	General AI writing tools, manual storyboarding, image-generation tools
Problem Root Cause	Comic creation combines narrative planning, panel composition, dialogue and visual direction
Behavior / Intensity	Users want fast, simple generation and coherent multi-panel output
Channels	Web application / Streamlit
Your Solution	A Gemini-powered five-panel comic story generator with character consistency and image prompts
