

Solution Requirements

Project Name: ComicCraft – AI Comic Story Creator using Gemini Models
Academic Year: 2026

Functional and non-functional requirements.

Functional Requirements

ID	Requirement	Priority
FR-01	Accept a user-provided comic story idea	High
FR-02	Generate exactly five comic panels	High
FR-03	Provide scene, character action, dialogue and image prompt for each panel	High
FR-04	Maintain character identity and appearance across panels	High
FR-05	Display generated output in the Streamlit interface	High
FR-06	Allow the generated story to be downloaded as text	Medium
FR-07	Handle common Gemini API errors such as quota/service/model errors	Medium

Non-Functional Requirements

ID	Requirement
NFR-01	Usable through a simple web interface
NFR-02	API key must be supplied through environment configuration rather than hard-coded
NFR-03	Application should be lightweight and easy to run locally
NFR-04	Output should be structured and readable
